

Dear Parents,

Your child has an upcoming appointment. We have a new system called CHADIS that helps provide your children with the best care possible. CHADIS helps you communicate securely with your doctor over the Internet before your office visit! **CHADIS can also save you time during the office visit.** You can use CHADIS to:

- Tell us about any problems or concerns you want to discuss
- Complete your developmental milestones checklist at home
- Complete autism screening tools (as age appropriate)
- Give us your child's medical history and background
- Alert us about 'sensitive' subjects about which we should be aware

CHADIS is to be completed before EVERY visit by the appropriate parent, grandparent, caregiver, and/or teacher. Just check the appropriate box that identifies your relationship to the child. All responses are **completely confidential** and cannot be viewed by anyone except your doctor.

INSTRUCTIONS

1. Go to www.chadis.com (or click the link from our website www.renaissancepeds.com)
2. Go to 'New' or 'Returning' user to log-in
3. Enter our practice INVITATION CODE which is our phone number 7574882223
4. Enter your email address and make up a password (if not already done)
5. Enter your child's information and select your child's doctor
6. Choose between development/emotions/behavior visit (new or follow-up) and regular (or well-child) visit.

Your email address, if you have one, is the best username. If you do not have email, you can still register and use CHADIS. Write your new username and password below and please keep this letter:

My Username

My Password

Your input is essential in helping us to provide your child with the best care possible!

Thank you and see you soon,

Renaissance Pediatrics Staff
